

# iSET-01: “ a workshop on innovative and sustainable energy technologies”

<b>Name of the Programme:</b>	Workshop on “Innovative and Sustainable Energy Technologies: Opportunities and Challenges”
<b>Participants:</b>	Planning and Coordination Department, Govt. of Odisha IIT Bhubaneswar, Odisha Others (IREDA, OREDA, TiE, CII, OYEA, etc)
<b>Organizing Body:</b>	School of Minerals, Metallurgical and Materials Engg, IIT Bhubaneswar Bhubaneswar, Odisha-751013
<b>Date and Duration of Workshop:</b>	30 <sup>th</sup> December, 2015
<b>No. of Participants:</b>	70
<b>Venue (Tentative):</b>	Convention Hall, Hotel Mayfair

## SCOPE

IIT Bhubaneswar in collaboration with Planning and Coordination Department, Govt. of Odisha, is organizing a one-day symposium on Innovation in Materials for Renewable Energy Applications. The main objective of the workshop is to bring together policymakers, industrialists, entrepreneurs, scientists and academicians together for discussion to address the pressing issue of energy sustainability. The luminaries from National Innovation Foundation, Ministry of New and Renewable Energy, Chief Secretary, Govt. Of Odisha, Principal Secretary, Ministry, Planning & Coordination Department, Govt. Of Odisha, are going to attend the meeting. An innovation roadmap in field of sustainable energy technologies will be put together with inputs from the experts. The roadmap will also include methods and best practice to instill a culture of innovation in the field of renewable energy in Odisha.
